DECIDE YOURSELF.

The Opportunity Is Here, Backed By Henderson Testimony.

Don't take our word for it. Don't depend on a stranger's statement.

Read Henderson endorsement. Read the statement of Henderson citizens.

And decide for yourself. Here is one case of it:

A. T. Barnes, 318 Rowland St., Henderson, N. C., says: "I have found Doan's Kidney Pills to be a remedy of merit and I do not hesitate one moment in recommending them. My kidneys caused me a great deal of annoyance and there was a steady, dull pain through my loins. When I saw Doan's Kidney Pills advertised, I got a box from the Kerner-McNair Co's Drug Store and began their use. They quickly removed my trouble and acted beneficially in every way. In February 1908, I publicly endorsed Doan's Kidney Pills and at this time I can still say a good word for them. I have had no further need for a kidney medicine."

For Sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

"Twelve hundred and sixty-five entered the contest, representing 89 counties. Two hundred and sixty-four, representing 65 counties, made final reports. The reports show an average of 67.69 bushels per acre.

It was a Pity.

A New Jersey man is so stingy he would not permit the electric light to be turned on in the hall. The result was that his daughter's beau called one night and kissed the servant girl by mistake. He ought to be able to realize what his economy caused his daughter to miss.—Morning Star.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Sanbrook, Texas, Dec. 29, 1911
Kentucky Wagon Mfg. Co.,
Louisville, Ky.
Dear Sirs: I am the owner of one of your "TENNESSEE" wagons bought 15 years ago from Mr. Schwartz at Houston, Texas and can say that in the 15 years of use all the time I have had one wheel repaired. Otherwise it is still good. Very truly yours,
G. W. KINGSBURY.

Men Who Have Used "TENNESSEE" Farm Wagons Will Use No Other WHY?

BECAUSE they have found through many years of satisfactory service—that "TENNESSEE" wagons run lighter and hold the grease better than other wagons.
—that "TENNESSEE" wagons are easier on their horses, and handle heavy loads over rough roads more easily and safely than other wagons.
—that their "TENNESSEE" wagon is much better in design and better constructed than other wagons.
—that "TENNESSEE" wagons are built from better quality of timber, stronger and tougher wood stock being used throughout than in other wagons.
—that "TENNESSEE" wagons are better ironed and the wheels more substantially built than other wagons.
—that "TENNESSEE" wagons, because of the superior quality of wood stock used in every part and the substantial way in which they are ironed and built, give more years of satisfactory service at less repair expense than any other wagons.
